

News of Petersburg

Times-Dispatch Bureau,
103 North Byram Street,
Petersburg, Va., November 5th.

The Methodist clergy of this city and district are making their preparation to attend the session of the Virginia Annual Conference, which convenes in Norfolk on Wednesday of next week. That this conference will be one of the most interesting in years is generally expected. The relation of the conference to the grand old Mason system of colleges will likely be the theme of intensely interesting discussion. Rumor says there may be at least one important change in the appointments for Petersburg, and that probably a change may be made at Norfolk.

In view of the election of Judge Taft, the matter of appointments to the Federal offices in this city is being discussed. There are several good fat offices here, and it is reported that a pretty political fight is to be made for some of them. The prevailing rumor, however, that General Smith Bolting will remain undisturbed in his position as postmaster, which he has had for years, and filled so satisfactory to the community.

All feeling and excitement attending the election have died, and the community is as serene as though no such near event of importance had taken place. There are expressions of regret and of rejoicing according to one's political leanings, but nothing more.

The commissioners of election met today in the clerk's office and canvassed the vote cast for the presidential candidate and Congressman in this city. Only one error was found. Bryan was found to have received 965 votes, instead of 966, as had been reported. The vote was 295, and Bryan's majority in the city is 290. Last night, for Congress, was certified as having received 1,008 votes. Two votes were cast for Judge Walter R. Watson, for Congress, one for A. W. Harris, a colored lawyer, and one for Colonel A. Rogers.

The commission also found that one vote had been cast for Thomas E. Watson, of Georgia, the candidate of the People's party, for President, and four votes for Eugene W. Chaffin, of Illinois, the Prohibition candidate. The results of the several other parties were altogether negligible.

Births and Deaths.
The number of births in the city reported to the Board of Health for the month ending October 26th was 25. Of these, 23 were whites and 12 colored.

The number of deaths reported for the month was 44—whites, 19; colored, 24. Of the decedents 15 were infants under one year of age. Five bodies were brought to the city for interment, and eight were sent away.

Several cases of smallpox were reported to the Board of Health in the past month. They are in families in the western section of the city, are mild in type, and are carefully quarantined.

Condition of the Sick.
The condition of Major Ashleigh R. Moody is unchanged, and still very critical.

Mrs. J. C. Cook, of Chesterfield county, was operated on for appendicitis at the Petersburg Hospital yesterday, and is doing well.

Mr. H. Jones, who was recently operated on at the hospital, is very much improved.

Arranging for a Meeting.
At the recent conference of the leaders of the contending factions in the Harrison Street (colored) Baptist Church, with Judge Mullen, the judge advised that a meeting of the church members be held at an early date, to be conducted in accordance with the constitution and laws of the church, for the settlement of the long existing troubles, as also the question of the pastorate. The judge further advised that this meeting be presided over by an impartial and disinterested moderator—white or colored—to be agreed upon by the two factions. Arrangements to hold this meeting are now in progress, and it will probably be held next Monday night, or the Tuesday following. Counsel for the anti-Tartie factions has suggested either Rev. Dr. W. C. Taylor, of the First Baptist Church, or Rev. F. W. Moore, of the Second Baptist Church, not knowing, however, whether either of these gentlemen would serve. It is known whether the Tartie faction has agreed on any name to submit to their opponents. They claim to have the majority of the church members with them.

Two Aged Ladies Dead.
Mrs. Mary Elizabeth Lewis, a much respected lady, seventy-three years of age, widow of Theophilus Lewis, died this morning at her home in Blanton. She had been in failing health for some time, but had been only ill about one week. She is survived by one son, Mr. Herbert G. Lewis, and two daughters, Misses Lucy F. and Mary A. Lewis.

Mrs. Maria F. Scott, aged seventy-two years, widow of Edwin W. Scott, died Tuesday night at 11:30, at the home of her son-in-law, Mr. Edward S. Walsh, on Pearl Street. She was much esteemed. Mrs. Scott is survived by two daughters—Mrs. Walter P. Matland and Mrs. E. W. Walsh, of the city—and two sisters, who live in Manchester—Mrs. Susan Wells and Mrs. William Hall.

The Common Council yesterday afternoon made a special appropriation of \$500 to pay for a general vaccination to be made by the city physicians, and \$100 for repairs to the small-pox hospital. Only two cases of small-pox have developed in Petersburg in recent months.

Stricken With Paralysis.
Colonel Henry C. Roper, one of our wealthiest and best known citizens, was suddenly stricken with paralysis yesterday afternoon about 2:30 o'clock while sitting and conversing with friends in the office of Messrs. Green

& Arrington's store, on Sycamore Street. He was in excellent spirits at the time, joking with his friends, when suddenly his voice sank into a whisper, and he was seen to fall to one side. He was caught by Mr. Arrington, and with the assistance of Mr. Green was helped into a comfortable chair. A physician and relatives were quickly summoned, and Colonel Roper was removed to the Petersburg Hospital, where every possible attention was given him. His entire right side is affected. He was conscious for some time after the stroke, but subsequently lapsed into unconsciousness, and his condition is regarded as very serious.

Colonel Roper is some sixty-two or sixty-three years old. He was for many years prominent in the tobacco trade in this city, but had long retired from active business. He is one of the leading members of A. P. Hill Camp of Confederate Veterans, a man of high character, of kind heart, and a most valuable citizen.

Major Moody's Condition Critical.
Major Ashleigh R. Moody, of the Second Virginia Regiment, is very critically ill at the Petersburg Hospital, where he was operated on last night by Dr. McGuire, of Richmond, for intestinal trouble. The operation was successful, but there are complications which render the patient's condition almost hopeless. Peritonitis has developed. Major Moody is one of Petersburg's best known and most popular young men. He is a successful merchant, a member of the Board of Aldermen, and prominent in Pythian circles.

Personal and Otherwise.
Dr. and Mrs. William Meade Stith have returned from their wedding trip, and are at home to their friends in Marshall Street.

Mrs. John C. Griffin and Mrs. M. B. Showacre, who spent two months in New Jersey and New York and at Virginia Beach, have returned to the city.

The Chief of Police reports 170 arrests during the month of October for various offenses. Among the charges were 38 for drunkenness, 24 for larceny, 8 for felony and 25 for assault.

Samuel Lee, a colored citizen of Northumberland county, was brought before a commission here today, charged with insanity, and sent to the Central State Hospital. He has been in the asylum in Washington twice and once in the Central State Hospital. He was arrested this time in a very excited condition in Washington and sent here.

Hon. E. C. Venable, who has been confined to his home by illness for some weeks, is very much improved and able to be out.

Little Boy Accidentally Kills Brother.
A deplorable accident occurred in Ettrick yesterday afternoon between a 2 and 3-year-old child, which resulted in the death of a boy at the hands of his brother. The accident occurred at the home of Mr. William Laffoon, the father of the children. A little son of Mr. Laffoon, about six years old, was playing with a gun, which was brought to the house by a neighbor. The gun was discharged, the shot almost tearing the top of the little fellow's head off, and causing instant death. The explosion immediately attracted the attention of the mother, and the scene that followed was very sad and painful.

Mr. Laffoon is a well-known and respected citizen of the village, and is employed at the Central State Hospital. The burial will take place tomorrow.

Judge J. M. Mullen, of the Hustings Court, presided today over the Circuit Court of Sussex county for Judge West.

Judge Mullen has not yet rendered decision on the demurrer entered by the city in the damage suit of Mrs. A. Rogers against the city, which was argued several days ago.

There was considerable formation of ice in exposed places this morning. The fall of the temperature during the night was very marked.

The death of Mrs. M. D. Perkins, at Reams's, in Dinwiddie county, was destroyed by fire early this week, with the furniture and personal effects. The fire is said to have originated from a defective flue, and the loss is covered by insurance.

Mrs. A. W. Harvey, whose home was in Chesterfield county, died yesterday in Newark, N. J., where she was visiting. Though she had been in ill health, her death was unexpected. Mrs. Harvey was a member of Washington Street M. E. Church in this city, and a consistent Christian. She is survived by her husband and two little daughters.

Rev. Dr. Klein, pastor of the Union Street Temple, will preach an after-lection sermon at the service tomorrow evening. His subject will be "The Victory of Defeat."

Mrs. Powell made the meeting the occasion of a reception to the members and a number of invited guests. DR. H. L. NORTHROP.

dean of the Hahnemann Hospital, Philadelphia, who, by the surgeon's knife, has made a drunkard and thief an honest man. The most wonderful demonstration of surgery as a cure for moral degeneracy has just taken place in Philadelphia by a simple operation on the head of a patient. Removing pressure on the brain caused by an injury, Dr. Northrop changed a man from a drunkard and a thief to an honest, industrious man, respected by his employers. The patient declares that his desire to drink and steal has disappeared. For twenty-two months he has lived an upright life, and during that time has been promoted twice by the company employing him. Previous to the operation he drank a quart of whiskey a day, stole money from his employers, and was unable to keep work because of his degenerate habits.

DOCKED HORSES' TAILS.

Cruel Election Joke May Lead to Prosecutions.

[Special to The Times-Dispatch.]

LYNCHBURG, VA., November 5.—Some unknown miscreant or miscreants last night at two of the local tobacco warehouses docked the tails of eighteen horses and two mules, this being about the worst piece of malicious meanness that the local police department has had to cope with for a long time.

The animals belong to Amherst farmers who were in the market selling tobacco, and one of them this morning, when he discovered how badly his horse had been treated, offered a reward of \$25 for the arrest and conviction of the person guilty of such meanness.

Several of the horses had their tails cut off as close to the body as it was possible for it to have been done in a crude way, and the tails were left lying where they fell.

NEARLY ASPHYXIATED;

BY GAS FROM COAL STOVE

[Special to The Times-Dispatch.]

CEDARVILLE, VA., November 5.—Escaping gas from a coal stove a few nights since very nearly resulted in the asphyxiation of Mrs. L. S. Walker, widow of the Shenandoah county clerk, and her daughter, Miss Arline Walker. Mrs. Walker has fully recovered from the effects of the poisonous gas, but her daughter is still quite sick.

The Rev. M. F. B. Rice, the superintendent of the Frederick Division of the Baltimore Conference, is now in Baltimore, suffering from a severe attack of paralysis.

Alexandria to Have a Y. M. C. A.

[Special to The Times-Dispatch.]

ALEXANDRIA, VA., November 5.—This city will have a Young Men's Christian Association. It will be the backing of the various churches, but will be non-sectarian.

New Kent News.

[Special to The Times-Dispatch.]

ROXBURY, VA., November 5.—The removal of the old county seat to Boul-

ward by the Virginia Land Company, which has caused so much contention, was at last settled by a vote of the people, and defeated by a large majority. The old site will remain and be beautified at a heavy cost.

Many Democrats here would not vote for Bryan, and voted for Taft at Quantico Precinct. The Taft and Bryan vote was nearly a tie, and at other precincts of the county the same result is reported.

NO THANKSGIVING GAME.

[Special to The Times-Dispatch.]

LYNCHBURG, VA., November 5.—The disbanding of the Virginia Military Institute football team on account of the recent tragedy at Lexington means that Lynchburg will be without football on Thanksgiving Day, for the ends were scheduled to play Davidson College here that day. It is hardly probable that another game can be brought here, despite the offered patronage the game now secures here.

PREACHER SHOTS WOMAN.

Double-Barrelled Shotgun Fired in Face of Georgianna Wilkins.

[Special to The Times-Dispatch.]

WASHINGTON, N. C., November 15.—A negro preacher, by the name of Frank Lee, became involved in an altercation with Roger Wilkins and his wife, Georgianna Wilkins, also colored, at a small negro hamlet, about fifteen miles from this city last night, and in the melee, Lee became incensed, and procuring a double-barrelled shotgun, fired both barrels at the Wilkinses, the loads taking effect in their faces. Had it not been for the distance from which the gun was fired, it would have proved fatal. Both were painfully wounded and the woman may lose her eyesight. They were brought to this city and given medical attention by Dr. E. M. Brown. Lee escaped soon after the shooting, and is still at large. The difficulty seems to have originated over money matters.

WITH GOOD WILL OF CHINESE, AMERICAN FLEET SETS SAIL

Reception of Officers and Men Cost China One Million Dollars, and Parting Was Greater Evidence of Chinese Enthusiasm Than the Greeting.

China, and saluted the departing fleet. This salute was returned by the American flagship.

Expensive Reception.
The cost of the reception has exceeded \$1,000,000. The Chinese government has been lavish in its gifts to the American officers and men, and the final function on shore last night, the entertainment afforded by the Chinese government, was declared by the Americans to have been, with the exception of Australia, second to none. The Chinese are delighted with the visit, and for they comment especially upon the excellent deportment of the American sailors. The battleship Georgia, the flagship of Admiral Emory, will leave the fleet and go to Hongkong, where Admiral Emory will take a liner for home. She will then continue for Olongapo on the island of Luzon, and join the other vessels there.

The admirals of the fleet and their staff, the commanding officers of the various vessels and the midshipmen were last night entertained at dinner on shore for the last time. The usual toasts were proposed by Prince Yi Lang, one of the official representatives from Peking. Admiral Emory replied in a felicitous manner, and he and the other guests surrounded the prince and cheered him enthusiastically. Admiral Sah, of the Chinese navy, was then greeted by a blast on a steam siren.

The admirals and the captains then personally exchanged their appreciations to the prince of the gifts presented them by the provincial viceroys.

BOYS ORGANIZE MILITARY COMPANY

Dixie Grays Will Be Crack Organization—Athletics as Well as Military.

With rules as stringent and military as those governing the soldiers of the regular army, the boys of the East End have organized a military company known as the "Dixie Grays," which has been growing steadily since the date of its organization last January. Recently, entirely through their own efforts, the boys have equipped themselves with uniforms and caps. Arrangements have been made for guns, and the new company will soon appear before the public a well drilled aggregation.

According to the regulations adopted by the charter members, all recruits must be between the ages of sixteen and twenty years, and must be at least five feet three inches tall. The company also reserves the right to reject the applications of those who, in its opinion, will not work to the best interests of the organization, or who for other reasons are not considered eligible. The present membership of thirty is the choice of twice as many applications.

The officers are H. B. Proctor, captain; Charles R. Winfree, first lieutenant; Wilford A. Roper, second lieutenant; John G. Womble, third sergeant; Edwin G. Tucker, second sergeant; and Bernard A. Griggs, third sergeant. The office of third lieutenant has not yet been filled.

The boys have permission from the Mayor to drill on Grace Street, between Twenty-sixth and Twenty-eighth Streets, and are out every Tuesday night learning the manual of arms under the direction of two of the officers of the Blues' Battalion, who have volunteered to act as drillmasters.

It is expected that soon there will be enough members to complete a battalion of several companies. Military drill will not be the only feature of the organization. A track team is now being trained, and will probably take part in the fall meet. A baseball team will be put in the field in the spring and a good football team next fall.
